TO CHINA VIA MEXICO

Line That Means Much for Texas
and the Southwest.

THE DEAL IS CLOSED

Pierce Syndicate Gain Control of the
Mexican Central and Will Ex-
tend the Frisco Line to
Eagle Pass This State.

New York, May 20.—The plans of a syndicate headed by H. Clay Pierce of St. Louis, it is believed, aims at securing the bulk of the transportation of that vast import and export trade between America and Asia which is yet only in its infancy. The corner stone of Mr. Pierce's scheme, as announced, is believed to be the establishment of a new Pacific coast port for deep sea vessels at Manzanillo, on the southwestern coast of Mexico, and one of the chief links in the chain was formed the other day, when Mr. Pierce's syndicate secured control of the Mexican Central rail-way.

Mr. Pierce's party already had control of the St. Louis and San Francisco, of the Fort Scott system and of some other roads. The western terminus of the Mexican Central is Colima, which is only about 75 miles from Manzanillo which is described as a natural land-locked harbor, suitable for seagoing vessels of the heaviest draught. Large sums of money will be expended, it is said, to make this one of the finest ports on the Pacific coast and the extension of the Mexican Central's lines from Colima to Manzanillo will be at once undertaken and be pushed rapidly to completion.

After that two connecting links remain to be created between the St. Louis and San Francisco system and the Mexican Central in order to complete the chain between Manzanillo and St. Louis. The Mexican International railway will be one of these. It now connects with the Mexican Central at Torreon. A new line must then be built to connect the Mexican International with the St. Louis and San Francisco. This new line will extend from Sherman, Tex., via Fort Worth and Brownwood, to Eagle Pass on the Rio Grande. When it is built through freight can be carried from Manzanillo without transshipment to St. Louis and also to Birmingham, Ala., from which point direct connection may be made with Savannah, Ga., over the Southern railway. It is asserted that this route from Manzanillo to St. Louis and thence to New York will be fully 1200 miles shorter than any route from San Francisco to this city.

Big Railroad Scheme Completed.
New York, May 20.—The Southeastern Railroad company of Yucatan, which was formed some time ago largely with American capital for the purpose of constructing lines in the state of Yucatan, Mex., has just concluded final arrangements with the Mexican government. It is expected that contracts will shortly be placed in the United States for rails, locomotives, cars, etc., which will involve an expenditure of some \$3,000,000. It is also anticipated that an American contracting concern will be allotted the contract for construction of the road. The road will be 300 miles long and will cost \$5,000,000 and will be completed in two years.

Valet Jones Getting Well.
New York, May 20.—The coroner's physician says that Charles Jones, who used to be the valet of W. M. Rice, the millionaire, who was murdered, is now greatly improved and fast gaining his strength. At the house where Jones is said to be the woman who greets callers persistently says Jones is not in the house. Those who are watching the Rice case have reason to believe that there will soon be some new developments in it.

Turkey Comes to Time.
Constantinople, May 20.—Ahmed Tewfik Pasha, the Ottoman minister of foreign affairs, called upon the ambassadors and notified them of Turkey's desire to re-establish the postal question and her intention to send a high functionary to apologize for the violations of the foreign mail bags.

Will Carry Own Insurance.
New York, May 20.—The United States Steel Corporation has arranged to carry all of its own insurance by a system of individual underwriting and will assess each plant its proportion of the premiums it would pay to the companies, which will go into the underwriting account.

Shot Without Warning.
Santa Fe, May 20.—At Los Polamos, Jose Molina, a native miner, suddenly became demented and shot and killed his partner, Jose Trujillo, without warning. The demented man was taken to jail in Hillsboro. He is a raving maniac and is chained to his cell.

RETURN TO WASHINGTON.

It Will Be a Week Before Mrs. McKinley Is Able to Travel.

San Francisco, May 20.—Although Mrs. McKinley's condition has greatly improved the physicians say a week or ten days is the shortest possible time in which she can make the trip across the continent. The immediate members of the presidential party will therefore remain here that long, though it is probable the others will leave for the east during this week.

President and Mrs. McKinley will go direct from San Francisco to Canton. The president probably will proceed immediately to Washington after reaching Canton, returning to Canton as soon as public business has been disposed of. For the return the Ogden route will be taken. No stops of any length will be made en route. The president will not leave the train, though he may speak briefly from the rear platform at one or two important cities.

Secretary and Mrs. Hay expect to immediately leave for Washington, where important matters of state await the attention of the secretary. Postmaster General Smith and Secretaries Hitchcock and Wilson remain with the president.

At 9:30 o'clock this morning Secretary Cortelyou gave out the following:

"Mrs. McKinley's physician reported she passed the best night since her illness, and that progress was very satisfactory."

Mrs. McKinley Able to Sit Up.

San Francisco, May 20.—Mrs. McKinley's condition was so far improved Sunday afternoon that she was able to sit up awhile. This news welcomed by the entire city. General Shafter called on President McKinley and while they were talking word came down stairs that Mrs. McKinley was sitting up. The president at once asked to be excused and hurried to the sick room.

Saturday night Mrs. McKinley at one time was worse, but soon rallied and has gained steadily since. There is a general feeling that the crisis has passed and that Mrs. McKinley would continue to gain strength.

President McKinley is in receipt of cablegrams from the king and queen of England, President Loubet of France and many other European potentates, inquiring as to Mrs. McKinley's condition.

No definite date has yet been decided upon as to when the president will start for the national capital, but it is hoped that Mrs. McKinley will be able to travel within a few days.

Dr. Boardman Resigns.

Knoxville, May 20.—Dr. S. W. Boardman, for 12 years president of Marysville College, near here, has tendered his resignation and has left for Newark, N. J., where he will reside. He is 70 years of age, but it is believed by some that his departure is due to the conditions arising from the legislature's act denying the co-education of the races in Tennessee. Marysville College is for whites and negroes and Dr. Boardman was opposed to the abolition of the system.

The Pan-American Exposition.

Buffalo, May 20.—The Pan-American exposition was formerly opened and dedicated today. Foreign and state commissioners and distinguished visitors were welcomed at the city hall by representatives of the exposition commission. Among the notables were Senators Lodge and Hanna and Vice President Roosevelt. The grand parade started at 10:10 a. m.

Georgia Mineral Land Deal.

Knoxville, May 20.—A deal has just been closed by A. P. Silva, representing Illinois people, for about 1000 acres of mineral lands in Union, Fannin, Townes and Lumpkin counties, Georgia. He first announced the deal here. Mica, iron ore and yellow ochre are on the lands, and will be developed at once. It is understood a syndicate having \$250,000 capital backing the deal.

Profits of the Corn Deal.

Chicago, May 20.—Profits for all concerned in the big May corn deal are conservatively figured between \$500,000 and \$700,000. George H. Phillips modestly concedes that there may be \$450,000 to divide. The deal involves immense cash corn transactions not yet closed. Phillips himself can not tell within \$50,000 or \$100,000 what the final profits will be.

Attempt to Rob a Bank.

Quincy, Ills, May 20.—Five men attempted to rob the Farmers' bank, at Hurdland, Mo., 50 miles west of Quincy. The men were discovered by the city marshal while they were boring holes in the safe. The marshal gave the alarm and a posse of citizens armed with shotguns and revolvers attempted to capture the burglars, but they made their escape.

River's Course Changed.

Santa Fe, May 20.—Constant rains have again caused the Rio Grande to overflow and considerable damage has resulted. At Earlham the river has changed its course and the bridge at

TRADE WITH

The Bryan Grocery Company.

that point is now three miles inland high and dry. A ferry has been established temporarily until the bridge or the river can be moved.

Molten Metal Causes Death.

Youngstown, O., May 20.—The bursting of a mammoth converter in the bessemer department of the steel plant Sunday allowed 13 tons of molten metal to flow over the mill bringing death to two Hungarians and fatal injury to Thomas Maxwell, John Sole and a Hungarian.

Being Tried for Murder.

Madisonville, Ky., May 20.—Five deputy sheriffs are on trial here for murder. They shot and killed two men out of a crowd of 150 marching union miners last January.

Soldier Murders His Children.

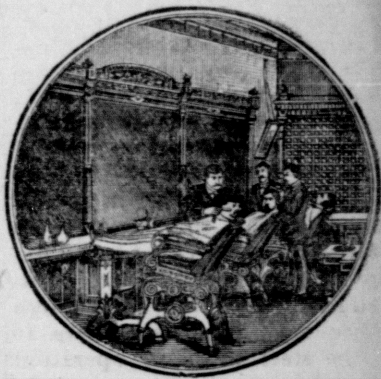

London, May 20.—Sergeant Major Butler, just returned from South Africa, Sunday night shot five of his children, killing four of them. His wife and baby escaped.

THE DAILY EAGLE.

Entered at the postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

TUESDAY, MAY 21, 1901.

Three hundred and thirty-eight oil companies have been chartered under the laws of Texas.

The people of Orange give it out that they want the I. & G. N. and will meet the railroad people half way.

An unusual incident is reported from Pennsylvania. After breaking into jail a mob did not have nerve enough to take the prisoners they were after.

A company has been chartered whose purpose is to construct a canal across the peninsula of Florida, thus shortening the time between Atlantic and gulf ports.

The last big contract for supplying the British with horses and mules has just been finished at Ft. Worth, the contractors furnishing 1300 horses and 1210 mules.

Alabama will shortly hold a constitutional convention the principal issue of which will be the elimination of the negro vote. Other matters to be discussed are smaller counties and reform of the judicial system.

The iron mountain in Llano county has been sold to Chicago capitalists who, it is said, will develop it. There are 640 acres embraced in this mountain and enough iron ore may be found there to keep the steel mills in operation for years.

A four million dollar damage suit is one of the products of the Beaumont oil excitement. Higgins claims that much is due him for information given Lucas. Among other things brought out by the suit is that land has risen in value from \$5 to \$95,000 per acre.

Some men advertise their business one time in a newspaper, and fancy that is the end of it. It is the steady advertiser who gets results. You cannot cut down a tree with one blow of the axe. You cannot fill a cistern with one heavy dew. You cannot eat one soda cracker and then sit down and grow as fat as Mark Hanna. You cannot bore an oil well with a gimlet. Keep everlastingly at it and your labors will meet with success.—Austin Current Issue.

Upon application of the I. & G. N. railroad the college road was declared abandoned from a point on the I. & G. N. right of way south of Bryan to a point where the I. & G. N. crosses the H. & T. C. south of college, and the I. & G. N. was authorized to lay its track along said road, provided the railroad company shall secure from the owners of the land a right of way and easement over a strip of land 40 feet wide adjacent to and east of said right-of-way and construct a new public road as good or better than that abandoned.

The usual batch of bills were examined and approved.

Barnett-Nass.

Mr. J. R. Barnett and Miss Norma Thelma Nass were married Sunday afternoon at 5 o'clock, by Dr. J. D. West, at the home of the officiating minister. The wedding came in the nature of a surprise to some of the friends of the young people. The bride is the beautiful daughter of Mrs. G. G. Nass and lately moved from Navasota to Bryan, with her mother whose home is in the eastern part of town. The groom is a native of Tennessee and has made his home in Texas several months. He recently came to Bryan and has engaged in business here. The young people will make their home with Mrs. Nass. They have the best wishes of the Eagle.

NOTICE OF Bankrupt's Petition for Discharge.—In the District Court of the United States, for the Northern District of Texas, in Bankruptcy.—In the matter of Oliver Cromwell Utsey Bankrupt.—No. 189 in Bankruptcy.

Notice is hereby given that Oliver Cromwell Utsey of the County of Brazos and district aforesaid, did, on the 18th day of May, A. D. 1901, file in the Clerk's office of said Court, at Waco, a petition setting up that he has been heretofore duly adjudged a bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are exempted by law from such discharge.

On considering the above mentioned petition it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition shall, on or before the 30th day of May A. D. 1901, file with the Referee for the Waco Division of said District, a notice in writing of their opposition to a discharge in the above entitled cause.

M. C. H. Park, Referee in Bankruptcy. Office of Referee, Waco, Texas, May 16th, A. D. 1901.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

Notice.

We are distributing in the city the "Home Formulary Book" free and it is our desire every family should receive one of these valuable and useful books. They contain the best and most select formulas known to medical science for home use. If there is a family who has been overlooked in the distribution they can secure a copy by calling at our store. Send us the number of formula when you desire one filled. Wilson-Jenkins Drug Co.

Notice.

I hereby give notice to the public, that the commissioners court of Brazos county, Texas, will convene and sit as a board of equalization on the second Monday in June, 1901, same being the 10th day of said month, for the purpose of equalizing the taxes of said county. By order of the commissioners court of Brazos county, Geo. W. McMichael, Co. Clerk B. C.

Notice.

The 18 to 1 photo gallery will be open for work until Saturday night June 1. All work will be finished and delivered before I leave. With thanks for favors from the public, respectfully, G. A. Markham. 151

Seven million immigrants have come to this country during the past twenty years from various parts of Europe. Formerly the largest number were English, German and Irish. These are falling off and the Slavonic, Hungarian and Italian influx increasing. Over 40,000 Italians alone are reported booked for this country during the next few months.

ALABAMA CONVENTION.

Delegates for the Constitutional Meeting Reaching Montgomery.

Montgomery, Ala., May 20.—The constitutional convention of Alabama will begin the session tomorrow in the hall of the house of representatives. There are several important questions to be determined, the paramount issue being the elimination of the negro vote. Among the other matters to be considered are smaller counties for the state, reform in the judicial system and an effort to eliminate local legislation, and school taxation.

There is much gossip regarding a movement to urge the convention to change the present two-year term of state house officials to four years. Many prominent political thinkers favor this change and they have the support of the leading newspapers of Alabama. The idea is to do away with so many elections.

There is a disposition among a large number of lawyers to do away with the chancery courts, as the present constitutional common law courts have the same jurisdiction. The chancery court officials, of course, strongly oppose the abolishment of this branch of the state courts, and it is understood they will have representation on the floor of the convention to fight the move.

The convention is composed of 155 delegates and many of them are in the city. From the diversified views of the delegates on the suffrage question it appears that the convention will be in session probably 60 days.

Nearly every delegate in town is expected to offer some particular scheme to best rid the state of the negro vote. One proposition, altogether unusual, was heard and while it presents a simple solution of the question it is not thought that it will carry any weight with the majority of the delegates. The proposition is to leave the suffrage clause blank and refer the whole matter to the state legislature, but as this really destroys the purpose for which the convention was assembled, its advocacy is not favored.

Interest is now centered in the election of officers, for the president, and secretary and assistant secretaries.

TRIPLE TRAGEDY.

Evart Conway Kills Two Persons, Shoots an Officer and Suicides.

Evansville, Ind., May 20.—Evart Conway, aged 27, shot and killed C. W. Garrison and his wife in this city Sunday morning and badly wounded Patrolman Ben Wallis, then killed himself.

Conway was a neighbor of the Garrisons. The two families had not been friendly terms for several months, the wives of the men having quarreled. Saturday morning Conway wrote a letter to Garrison saying he had cheated his father in a trade for a milk dairy. Garrison showed the letter to Conway's father who upbraided his son.

Early Sunday morning Conway took a shotgun and going to the stable where Garrison was milking, shot him dead. Then he shot Garrison's cows to death. Mrs. Garrison attempted to leave the house. Conway met her at the steps and emptied both barrels into her breast, she falling dead at his feet. The murderer next set fire to the Garrison stable but the fire department extinguished the fire. Conway then barricaded himself in his house and when an attempt was made to arrest him Conway shot the policeman in the face and side. The entire police department was called after a riot alarm was sounded. The police surrounded the house ready to break in when they heard a shot. Conway had kissed his wife goodbye then run up stairs and shot himself in the heart. Conway came from a good family originally from Kentucky. He leaves a wife and two children and Garrison leaves two children.

ALMOST LYNCHED.

A Negro in Pennsylvania Saved Only by the Prompt Action of Police.

Connellsville, Pa., May 20.—The town is quieted down after the terrible excitement of Saturday night over the murder of Assistant Yardmaster William Moore and the attempted lynching of William Fairfax, the negro murderer. By a counter excitement at 3 o'clock Sunday morning the police diverted the mob and they dashed down a rear way with Fairfax and got him safely away to Uniontown. A rope had dangled from an upper story of the town hall as a warning to the negroes in this vicinity.

It is said that in answer to an appeal for 500 workmen to work on a big sewer negroes are coming from Roanoke, Va., the citizens are discussing means of self-protection during the next six months.

Recommends Ratification.

Okmulgee, I. T., May 20.—The joint committee of the house of kings and house of warriors of the Creek council by a vote of 12 to 3, agreed to recommend the ratification of the Creek treaty without amendment, excepting that the clause allowing Seminoles to take allotments in the Creek Nation be eliminated. The ratification of the treaty is now practically a certainty.

Given Ten Years.

Victoria, Tex., May 20.—The jury in the case of Nood Nelson, a negro, who is charged with the murder of Leon Pela, brought in a verdict of guilty and sentenced to 10 years in penitentiary.

Run Over by a Train.

Granger, Tex., May 20.—Ed Wallanta a section hand, was killed by one of the southbound Katy trains two miles south of here.

CLARENCE PEARSON, Circulator.

FAVORS ARBITRATION.

Peru Will Not Participate in the Congress if Eliminated.

Washington, May 20.—Peru has officially notified the United States that she will decline to participate in the Pan-American congress to be held in the City of Mexico, if arbitration, one of the subjects to be discussed, be limited to "future questions."

Argentina and Bolivia, which are in sympathy with the Peruvian policy with respect to the provinces of Tacna and Arica, in dispute with Chili, were approached by Peru, it is understood before she communicated her decision to this government. The withdrawal of these two countries, as well as that of Peru, is a strong probability and the failure of the congress is growing more likely.

The decision arrived at by the Peruvian government was communicated to the state department by Mr. Dudley, the American minister to Lima.

Further conferences will be held this week between Acting Secretary Hill and the Pan-American diplomats. Chili declines to agree to any proposition which will permit arbitration of any but "future questions" and inasmuch as the attitude of Peru, Bolivia and Argentina is unalterably in favor of the arbitration of the present as well as of future questions it is evident that a deadlock has been reached.

Minister Suspended.

New York, May 20.—It has been announced in the Bridge street African Methodist Episcopal church of Brooklyn that Bishop William B. Derrick has suspended the Rev. H. C. C. Astwood of that church pending trial by the Philadelphia conference. The charges are behavior in a matter unbecoming a pastor and defiance of the authority of the bishop. Rev. Astwood is one of the most prominent colored men in the country. For seven years he was United States consul to San Domingo and President Cleveland appointed him consul to Calais, France, but the senate refused to confirm the nomination. He had taken a great interest in the work in San Domingo and later in Cuba where he established the first Protestant church.

Cubans and Platt Amendment.

Havana, May 20.—The committee on relations of the Cuban constitutional convention will submit a majority and minority report to the convention today. The majority report accepts the Platt amendment after a lengthy explanation.

Killed by the Shock.

Comanche, I. T., May 20.—Dan Bailey, a young man about 20 years old, whose parents reside at Dixie, I. T., jumped from a through freight car here and struck the depot platform with such force that he died from the effects.

Drank Carbolic Acid.

Cuero, Tex., May 20.—Willis Josey DeMoss, a bright and popular young lady of this place, committed suicide by drinking carbolic acid. She left several letters, the contents of which are yet unknown to the public.

The head and tail

of the matter is simply this—beef cut from animals over three years old is tough, lacks flavor, and is deficient in nourishing juices. We prefer to sell flesh of YOUNG STOCK. It is delicious, tender, rich and nourishing. Much cheaper, though costing a little more money than cuts from old animals. No better meat than that sold at

WHAT STATES ARE DOING.

Splendid Exhibits and Buildings at the Pan-American.

The States of the Union generally show a deep interest in the Pan-American Exposition. Liberal appropriations have been made for exhibits. Several of the States have erected handsome buildings in the Court of State and Foreign Buildings.

New York's appropriation is \$300,000. A magnificent permanent building has been erected, and an exhibit highly creditable to the Empire State is installed.

Illinois appropriated \$75,000 for a building and exhibit.

Michigan's appropriation for a building and exhibit is \$40,000.

Ohio's appropriation is \$30,000. The State has erected a handsome building.

Missouri appropriated \$50,000 for a building and exhibit.

Washington has appropriated \$25,000 and has a building constructed of native timbers used as State Headquarters.

Wisconsin appropriated \$25,000 for a building and exhibit.

The New England States joined together for the erection of a building and display of their resources and industries.

Massachusetts appropriated \$15,000, Rhode Island \$30,000, and Connecticut, Maine, Vermont and New Hampshire have expended sums sufficient for suitable exhibits.

Georgia appropriated a sum sufficient to pay the expenses of a fine exhibit.

Idaho appropriated \$15,000 for an exhibit.

Pennsylvania's appropriation for representation is \$35,000.

Minnesota appropriated \$20,000 for an exhibit.

New Jersey's appropriation for representation is \$25,000.

North Dakota expends its appropriation of \$10,000 for an exhibit.

Oregon expends \$25,000 for an exhibit.

Maryland appropriated \$25,000 and appointed a commission to prepare an exhibit.

Delaware made an appropriation for an exhibit.

Washington, Montana, Mississippi, Louisiana, Texas and other States are suitably represented.

In addition to the exhibits made under the auspices of the different State governments, there are numerous displays of the industrial and natural resources of the States by individual exhibitors.

MUSIC AT THE EXPOSITION.

Many of the Best Bands of the United States to Be Heard at Buffalo.

The musical features at the Pan-American Exposition will embrace the several classes of music. The most prominent will be the band music, furnished by some of the best known bands of the Western World. No less than 75 organists have been engaged for daily recitals in the Temple of Music, where a magnificent organ has been installed.

The bands engaged for the Exposition are as follows:

Mexican Mounted Artillery Band of 50 men, under the direction of Captain Ricardo Pacheco, for the entire season.

Seventy-fourth Regiment Band, Buffalo, 35 men, May 1 to July 29.

Sixty-fifth Regiment Band, Buffalo, 35 men, May 1 to July 29.

Seventy-first Regiment Band, New York city, 45 men, May 6 to June 1.

Thirteenth Band, Hamilton, Ontario, 40 men, June 3 to June 8.

Sousa's Band, New York city, 65 men, June 10 to July 6.

Elgin Band, Elgin, Ill., 60 men, July 8 to Aug. 4.

Scinta's Band, Buffalo, 35 men, July 29 to Aug. 24.

Carlisle Indian Band, Carlisle, Pa., 40 men, July 29 to Aug. 24.

Ithaca Band, Ithaca, N. Y., 35 men, Aug. 5 to Aug. 10.

Forty-eighth Highlanders' Band, Toronto, Ontario, 50 men, Aug. 26 to Aug. 31.

Robertson's Band, Albany, N. Y., 40 men, Aug. 26 to Sept. 1.

Salem Cadet Band, Salem, Mass., 45 men, Sept. 2 to Sept. 15.

Brooke's Marine Band, Chicago, 60 men, Sept. 9 to Oct. 5.

Boston Ladies' Band, Boston, Mass., 30 ladies, Sept. 16 to Sept. 23.

Nineteenth Regiment Band, St. Catharines, Ontario, 45 men, Sept. 16 to Sept. 21.

Phinney's U. S. Band, Chicago, 45 men, Aug. 5 to Oct. 25.

Victor Herbert's Orchestra, Pittsburgh, 73 men, Oct. 7.

Innes' Band, New York city, Oct. 7 to Oct. 21.

Other bands with whom engagements are pending are Cincinnati, Cleveland and Detroit organizations.

Special Days.

The following special days at the Pan-American Exposition have been definitely fixed:

May 1—Opening day.

May 20—Dedication day.

June 6—Hotel Men's day.

June 12—Coal Men's day.

June 13—President's day.

June 14—Flag day. Programme by Daughters of American Revolution.

June 18—Wells College day.

June 19—A. O. U. W. day.

June 20—Connecticut day.

June 21—Rochester day.

June 24—Sagecroft day.

June 25—Odd Fellows' day.

June 27—Volks Fest (evening).

June 28—Cincinnati day.

June 29—Philadelphia day.

July 2—Wellesley College day.

July 5—Liederkranz day.

July 10—Maryland day.

July 11—Commercial Travelers' day.

July 15—Chautauqua day.

July 15—Ohio day.

July 23—C. M. B. A. day.

July 24—Knights of Columbus day. Utah day.

July 25—Scandinavian day. Porto Rico day.

Aug. 1—Mystic Shriners' day.

Aug. 10—Missouri day.

RICHARD WATSON GILDER'S INSCRIPTIONS.

The Pen of the Gifted Editor Gives a Finishing Touch to the Exposition. He Proclaims a Prophecy and Pronounces a Benediction.

When the people of the two Americas visit the Exposition city just erected "by the great waters of the North," many will recognize the style of Richard Watson Gilder in the classic and poetic inscriptions which adorn its Propylaea, Stadium, bridges, palaces and temples. The Exposition was peculiarly fortunate in persuading the scholarly editor of The Century to put the finishing touch on the artistic masterpiece. Those who read the legends will feel that their author is a man who "has upheld the ideals of Liberty and Justice" and who throughout a laborious life now in its prime has been "faithful to the things that are eternal," one who "has never shunned the dust and sweat of the contest and on whose brow" already "falls the cool shade of the olive" and rests the wreath of the victor's laurel.

INSCRIPTIONS FOR THE PROPYLEA.

PANEL I.

Here, by the great waters of the north, are brought together the peoples of the two Americas, in exposition of their resources, industries, products, inventions, arts and ideas.

PANEL II.

That the century now begun may unite in the bonds of peace, knowledge, good will, friendship and noble emulation all the dwellers on the continents and islands of the new world.

INSCRIPTIONS FOR THE STADIUM.

PANEL I.

Not ignoble are the days of peace, not without courage and laureled victories.

PANEL II.

He who falls bravely has not truly failed, but is himself also a conqueror.

PANEL III.

Who shuns the dust and sweat of the contest, on his brow falls not the cool shade of the olive.

INSCRIPTIONS FOR THE GREAT PYLONS OF THE BRIDGE.

On the pylons are statues of Courage, Liberty, Tolerance, Truth, Benevolence, Patriotism, Hospitality and Justice.

PANEL I.

The spirit of adventure is the maker of commonwealths.

PANEL II.

Freedom is but the first lesson in self government.

PANEL III.

Religious tolerance a safeguard of civil liberty.

PANEL IV.

A free state exists only in the virtue of the citizen.

PANEL V.

Who gives wisely builds manhood and the state—who gives himself gives best.

PANEL VI.

To love one's country above all others is not to despise all others.

PANEL VII.

The brotherhood of man—the federation of nations—the peace of the world.

PANEL VIII.

Between nation and nation as between man and man lives the one law of right.

DEDICATORY INSCRIPTIONS UPON PRINCIPAL BUILDINGS.

PANEL I.

To the ancient races of America, for whom the new world was the old, that their love of freedom and of nature, their hardy courage, their monuments, arts, legends and strange songs, may not perish from the earth.

PANEL II.

To the explorers and pioneers who blazed the westward path of civilization, to the soldiers and sailors who fought for freedom and for peace and to the civic heroes who save a priceless heritage.

PANEL III.

To the great inventors and farseeing projectors, to the engineers, manufacturers, agriculturists and merchants who have developed the resources of the new world and multiplied the homes of freemen.

PANEL IV.

To those who in the deadly mine, on stormy seas, in the fierce breath of the furnace and in all perilous places working ceaselessly bring to their fellow men comfort, sustenance and the grace of life.

PANEL V.

To the scholars and laborious investigators who in the old world and the new guard the lamp of knowledge and century by century increase the safety of life, enlighten the mind and enlarge the spirit of man.

PANEL VI.

To those painters, sculptors and architects, tellers of tales, poets and creators of music, to those actors and musicians who in the new world have cherished and increased the love of beauty.

PANEL VII.

To the prophets and heroes, to the mighty poets and divine artists and to all the light bearers of the ancient world who inspired our forefathers and shall lead and enlighten our children's children.

PANEL VIII.

To the statesmen, philosophers, teachers and preachers and to all those who in the new world have upheld the ideals of liberty and justice and have been faithful to the things that are eternal.

PAN-AMERICAN EXPOSITION OPENS.

Dedication Day of the Great Six Months' Festival.

Wonderful Beauty of the Completed Work.

Color, Sculpture, Electricity, Fountains, Flowers and Festive Architecture—The Most Beautiful Exposition Ever Created—A Triumph of Artistic Endeavor—A Mammoth Show in Which the Practical Side Is as Well Cared For as the Artistic Features.

BUFFALO, May 20.—The dedication of the Pan-American Exposition today was performed in a manner befitting the great occasion, a large attendance testifying to the widespread interest in the mammoth enterprise. Fully 300,000 people were on hand to take part

DIRECTOR GENERAL WILLIAM I. BUCHANAN.

In the grand event. The day was made a civic holiday, and there was a general outpouring of people from cities and towns within 200 miles of Buffalo, both in the United States and Canada, by way of the 20 or more great lines of railway which center in this city.

The city was astir at an early hour to witness or participate in the programme. Mr. Louis L. Babcock was chief marshal, and the programme consisted of parades, ceremonies in the Temple of Music and special outdoor features. There were two separate and distinct parades—an Exposition parade and a concessionaires' parade, leaving the City Hall at 10 a. m.

The Exposition parade consisted of the United States troops in this city, the Mexican National Band, a detachment of all arms of the Mexican army and other foreign troops in the city, the Fourth Brigade, N. G. S. N. Y., all under the command of General S. M. Welch, escorting carriages containing the Exposition officials and their specially invited guests.

The parade of the concessionaires was participated in by all the concessionaires. It was accompanied by 15 bands and was two miles in length, showing the wonderful features and interesting people of the Midway.

The ceremonies at the grounds consisted, first, of a grand flight of carrier pigeons freed on the Esplanade and conveying the news of the dedication of the Exposition to the world. The invited guests then proceeded to the Temple of Music, where the following programme was carried out under the direction of the Hon. John G. Milburn, president of the Pan-American Exposition:

Music by the Seventy-first Regiment Band, under the direction of Professor Fancill.

Opening prayer by the Right Rev. C. H. Fowler, bishop of the M. E. church.

Address by his honor Conrad Diehl, mayor of the city of Buffalo.

Poem written for the occasion by Robert Cameron Rogers.

"Salve Libertas," Sturm, by Buffalo Orpheus and Orchestra, John Lund conductor.

Address by the Hon. Theodore Roosevelt, vice president of the United States.

Music.

Address by Senator Henry Cabot Lodge of Massachusetts.

Poem written for the occasion by Frederic Almy.

Address by the Hon. Timothy L. Woodruff, lieutenant governor of the State of New York.

"America," by band, Orpheus and audience.

Benediction by the Right Rev. William D. Walker, bishop of western New York.

At noon there was an exhibition of scientific kiteflying by Mr. E. I. Horsman, scientific kite expert of New York, and his staff of kitefliers. This consisted of tandem kites and Eddy war kites, suspending the American flag and discharging American flags in the form of parachutes, others supporting a great banner bearing the word "Welcome," with others bearing different flags and streamers at various heights. There were also flown tandem kites of naval block kites and keel kites with flags and a tandem of yacht or ship kites.

At the close of the ceremonies in the Temple of Music there was a great display of day fireworks, including a grand salute of 125 aerial guns fired from steel mortars, the ascent of 27 large 12 foot gas balloons, each lettered with the name of one of the Pan-American countries and carrying the flag of the country; salute to the states, 46 mammoth cannon report rockets, one for each state of the Union, fired simultaneously; magnificent display of

Japanese daylight fireworks, released in midair from Japanese bombs; oriental kite display, exhibiting 150 kites, from which will be displayed Pan-American flags and the New York State flag; daylight bomb cloud shells, setting free American and Pan-American flags, with souvenirs of the dedication day; simultaneous discharge of 1,000 small gas balloons, sent up in triplets, each bearing a souvenir of the dedication day; grand American salute, consisting of 500 large gun cotton rockets.

The completed Exposition is a distinct triumph in countless ways. Never before has there been such an effort put forth to produce rich decorative effects. These are to be seen in the symmetrical arrangement of the buildings around spacious courts, the glow of color upon all the buildings, the play of fountains and cascades, the profusion of blossoming flowers, the generous use of intricate molded ornaments upon the buildings, the great number of sculptured groups by famous American sculptors and at night the soft diffused yet brilliant lighting effects produced by means of more than 30,000 incandescent electric lamps upon buildings and throughout the grounds.

The grounds of the Exposition comprise some 350 acres, very accessible by steam and electric lines from all parts of Buffalo. When it is recalled that it was only the 4th day of last June that the first piece of timber was raised aloft as the beginning of what is now a magnificent Exposition city, one can but marvel at the executive force which has brought this work to its present state of completeness.

The cost of the Exposition as it now appears is approximately \$10,000,000, exclusive of exhibits. Of this sum the Midway represents an expenditure of about \$3,000,000. Nothing seems to have been forgotten in perfecting the plan, and there is every convenience for the visitor and an abundance for him to examine and enjoy. The admission price is the same as usual at exhibitions, half a dollar, but it entitles one to a full day at the most beautiful festival of the kind that has ever been brought into existence. No pen will be so presumptuous as to attempt to describe the architectural and color beauty of the Pan-American Exposition. It is a magnificent, an extravagant, dream brought to a harmonious and beautiful realization. The triumph of the architect, the colorist, the landscape architect, the sculptor and the electrician is complete.

There are about 150 buildings in the Exposition plot, of all sizes and descriptions, and an abundance for every one to see, no matter how long he may choose to remain. The most novel exhibits perhaps are to be found in the Electricity building, for in that particular science wonderful strides have been made within the last few years. Notably among these is the transformer plant, where 5,000 horsepower is received from Niagara Falls by cable at a pressure of 11,000 volts and stepped down to 1,800 volts. This power is used for lighting the vast Exposition area. A daylight brilliancy will pervade the Exposition until 11 o'clock each night. The exhibit of Street Railway appliances is also of a very complete and interesting character. The exhibit made by Thomas A. Edison, showing the development of many of his important inventions, constitutes another attractive feature. Demonstrations are to be made of Wireless Telegraphy and the X Rays. In the center of the Machinery and Transportation building is a working exhibit of a large number of Pumping Engines. These supply the water for the various fountain features of the Exposition. Among these water displays is a cascade in the southern face of the Electric Tower, from which there is a flow of 35,000 gallons of water per minute, making a beautiful veil-like cataract 70 feet high. Upon this cataract electric lights of many colors will be thrown from an invisible source, producing an enchanting picture.

One of the most imposing buildings of the Exposition is the great Stadium. This is more than 60 feet high and is so large as to inclose a quarter mile track. The seats are arranged in the form of a vast amphitheater, and the capacity is sufficient for 12,000 spectators. This is to be the scene of very interesting events daily throughout the Exposition.

The Midway is said to be the greatest that has ever been organized for any exposition. The Midway proper

is 3,000 feet long, thus giving more than a mile of frontage upon this singular thoroughfare. There are about 40 shows, every one of them possessing special merit and selected from a large number offered. There has been great rivalry among show people to secure space upon the Midway, and it has been allotted with great care and with the positive assurance that every feature would be of a character to command popular interest.

It may be said of the whole Exposition that in every department it is a compact yet complete presentation of Twentieth Century civilization of the Western World.

PRESIDENT JOHN G. MILBURN.

HEAVY RAIN IN TEXAS

Various Portions of the State Visited
by Tremendous Rainfall.

A DAM GIVES WAY.

Near Wichita Falls the Irrigation Dam
Breaks, Doing Great Damage.
All Streams in North Texas
Are Rising Rapidly.

Wichita Falls, May 20.—The irrigation company's dam on Holliday creek, five and one-half miles southwest of this city, broke Sunday morning and the immense volume of pent up water burst through a crevasse 200 feet in width, bearing down everything in its path. Fortunately the valley below the dam is broad and the creek is bordered with a dense growth of low timber. These two agencies helped to prevent what might otherwise have proven destructive of life as well as property. When the break occurred, couriers were despatched to warn the people living in the valley below and all succeeded in reaching safety.

It is impossible to form any estimate of the damage done until the waters subside, but it is known that three steel bridges across the creek are damaged.

Heavy Rains in North Texas.

Dallas, May 20.—From reports received here the rain that began last night was general over north Texas, a part of west Texas and extended into east Texas. For five hours the rain fell and according to reports was one of the hardest general rains ever fell in north Texas. All small streams are up and larger ones rising rapidly.

In this city thousands of dollars' worth of damage was done by the flooding of basements and overflow of streets.

Child Blown into a Gulch.

Sherwood, Tex., May 20.—About six inches of rain fell here Saturday night, accompanied by a very high wind and considerable lightning, and a strong gust of wind struck the tent in which James Hughes and family dwell, and completely destroyed the tent. One of the children was blown into a gulch and narrowly escaped being drowned, the mother finding her just in time to save her. One of the dams in the creek was washed away.

Fired by Lightning.

Taylor, Tex., May 20.—Taylor was visited Sunday night by a very severe electric storm, accompanied by a heavy wind, rain and hail. The lumber yard of J. A. Thompson was struck by lightning and almost destroyed by fire. The loss is estimated at about \$15,000 above insurance.

The Diamond roller mill was also struck and damaged between \$500 and \$1000.

Telephone and electric wires are badly crippled all over the city, and corn and grain crops have suffered severely.

Hail Kill Sheep.

Laredo, Tex., May 20.—A terrific hail storm, accompanied by high wind, passed about four miles east of here Saturday night. In hollow places hailstones, some as large as one's fist, were piled up several feet high. A great number of goats and sheep were killed and several men were in the city to hire hands to assist them in skinning the dead animals.

Southwest Texas Drenched.

San Antonio, May 20.—This section was visited by a splendid rain Sunday afternoon that extended as far west as Del Rio and south as far as Dilley. About one inch of rain fell. About 9:30 at night it began raining again, the downpour being steady. This breaks a long drouth and cattlemen are jubilant.

Brazos River Rising.

Waco, Tex., May 20.—All its tributaries above Waco are gaining and the Brazos is rising over an inch an hour. The danger point is nearly reached, but the continuous rainfall and the rapid gain in the Bosque and Aquilla, Steel creek and other important water courses above this city, are causing some anxiety. People down the river are making inquiries hourly. At the present rate the danger point will not be reached for a day or more.

Crops Were Destroyed.

Santo, Tex., May 20.—Information has been received from Lipan that a destructive rain and hail storm broke two miles west of there and destroyed the crops.

Tremendous Rainfall.

Guthrie, O. T., May 20.—Commencing at 2 o'clock Sunday morning and lasting two hours, there fell here probably the hardest rain that has fallen in this country for many years. Men who claim to know say that at least 10 inches of water fell. The marks of the high water on the trees along the creeks and branches showed that there had been a rise of from 8 to 10 feet.

Killing Near Temple.

Temple, Tex., May 20.—In the southwest corner of Bell county, near Cyclone, Ed Casey was shot and instantly killed. Will Lemly came to Temple and surrendered and was released on \$1500 bond. The men were brothers-in-law and farmers.

American Troops Leaving China.

Pekin, May 20.—General Chaffee has issued his farewell order ending the American relief expedition in China. The American troops will board the transports next Wednesday at Taku and Thursday will leave direct for Manila.

THE MACHINISTS' STRIKE.

It Is Not on as Large a Scale as Was at First Anticipated.

Washington, May 20.—The general strike of employes in the machinery and allied metal trades throughout the country to enforce a nine hour day with an increase in wages to meet the reduction in hours of labor took effect today.

Reports received by President O'Connell of the National Association of Machinists and other officials who are in the city, indicate a large number of establishments, heretofore holding out against the demands of the men, were making necessary concessions.

Mr. O'Connell said it was too early to make an estimate of the number of men out. His original figure was 150,000 directly affected and several hundred thousand indirectly. His figures have been largely reduced by the number of agreements reached in the last two or three days. While refusing to make any estimates or draw any conclusions until later, he said the reports so far received were of a very encouraging nature.

The states mostly affected in New England are Connecticut and Vermont. From Cincinnati indications are that all the men are out. This is one of the points where the most difficulty in a settlement has been apprehended.

In Cleveland the situation is improved. While the number of men out is not stated the report from there announced that the Automatic Refrigerator company, Grant Tool company Daniel Son Tool company and Bollinger & Reilly have signed with the men and work in those establishments continues.

In Wilmington, Del., several concerns are reported as having agreed to terms.

A report from Denver shows that no trouble is expected there. About three-fourths of the concerns employing machinists in that city have signed and negotiations are in progress for settlement with others which look hopeful.

There was no general strike of machinists at Chicago. A meeting of the committees representing the machinists and Chicago Machinery Manufacturers' association was held for the purpose of discussing the proposed arbitration as to wages.

Reports from most southern cities give no news of any strike of any consequence except at Atlanta where about 100 men and apprentices are out.

Between 50 and 100 molders' helpers refused to go to work at St. Louis. They demand shorter hours and more pay. With this exception there is no sign of a general strike among the metal workers of St. Louis.

Soldier Almost Caused a Riot.

Albany, May 20.—The street railway strike is a thing of the past, all troops have departed and the city quiet once more. The funerals of Leroy Smith and William Walsh, who lost their lives on account of the strike, took place Sunday and at the latter's funeral there was almost a riot.

When services were proceeding in the church the crowd that had been unable to gain admission saw a uniformed soldier coming down the street. Instantly the people were in a state of ferment. A rush was made for the unlucky soldier but a few wise heads held the crowd back for a minutes while others advised the man to run. He did run and trouble was averted.

The starting out of the first car Sunday was the cause of a demonstration. Pistols were fired, flags waved, torpedoes were placed on the track and exploded, the motormen and conductors wore flags on their coats and fully 200 men and women fought for the privilege of the first ride.

Strikes in Russia.

St. Petersburg, May 20.—The strike here is practically crushed. A large number of arrests have been made, 250 persons were taken into custody at one factory. Over 30 and possibly 100 persons were wounded in a street fight when the mob stoned the police. Several deaths are reported at Knanthen-scatter as the result of strike riots. The agitation among students unquestionably is partly responsible for the troubles.

American Troops Attacked.

Manila, May 20.—It is unofficially reported that a body of rebels under Angeles attacked a detachment of American troops, supposed to be of the Twenty-seventh regiment, near Pasaco, in south Camerines province, killing two soldiers and one native scout and taking one soldier prisoner. The insurgents are in possession of the mining town of Paracole, north Camerines. The nearest troops are at Indan, 30 miles away.

Killed Himself.

New York, May 20.—A dispatch to The Journal from Rome says there is no doubt that Rev. Maltbie D. Babcock of New York, who was taken to the International hospital at Naples, a few days ago suffering from gastric fever, died by his own act. He took corrosive sublimate and then cut his throat. Temporary derangement, due to fever, is supposed to have caused the suicide.

No Insular Decisions.

Washington, May 20.—The United States Supreme court today adjourned until next Monday without announcing an opinion in the insular cases. The court will adjourn next Monday until next October.

Armored Train Dynamited.

London, May 20.—General Kitchenor reports under date of May 18, that an armored train was dynamited south of American Siding, and J. Heath, of the South Lancashires, was killed.

You will be delighted!

With our superb stock of imported and domestic liquors including more than thirty-six standard brands of shelf and barrel goods. We buy in carload lots and carry everything to be found in a first-class house—in fact there is no other house like ours in Texas. : : : : : Special prices by the dozen on our fine case goods

DUNN & DALY.

OLDEST INSURANCE AGENCY IN BRYAN;
